Service and maintenance is on us

KEY FEATURES

We provide a comprehensive range of services based on our clients' specific needs using this electric model that comes with wide windscreen, more tyre width for extraordinary grip on the road and less maintenance.

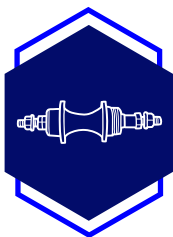

PROJECTOR HEADLAMPS

The headlamps are specifically designed for low-light driving and superior visibility in fog.

GROUND CLEARANCE

The model is built in a way to provide 300 mm ground clearance for superior water wading depth and underbody safety.

INDEPENDENT AXLE SYSTEM

This industry fit model is designed for better turning & driving dynamics, and better drive comfort along with Industry-first 200 mm front disc brakes for unmatched stopping power.
